*THE
DRAGON*

Through the years our student body has suffered many losses of one kind or another. This past year we lost not only a teacher, but a true friend.

Mrs. Mary Durham began teaching at Junction City Elementary in 1943. She taught first grade until her retirement in June, 1976.

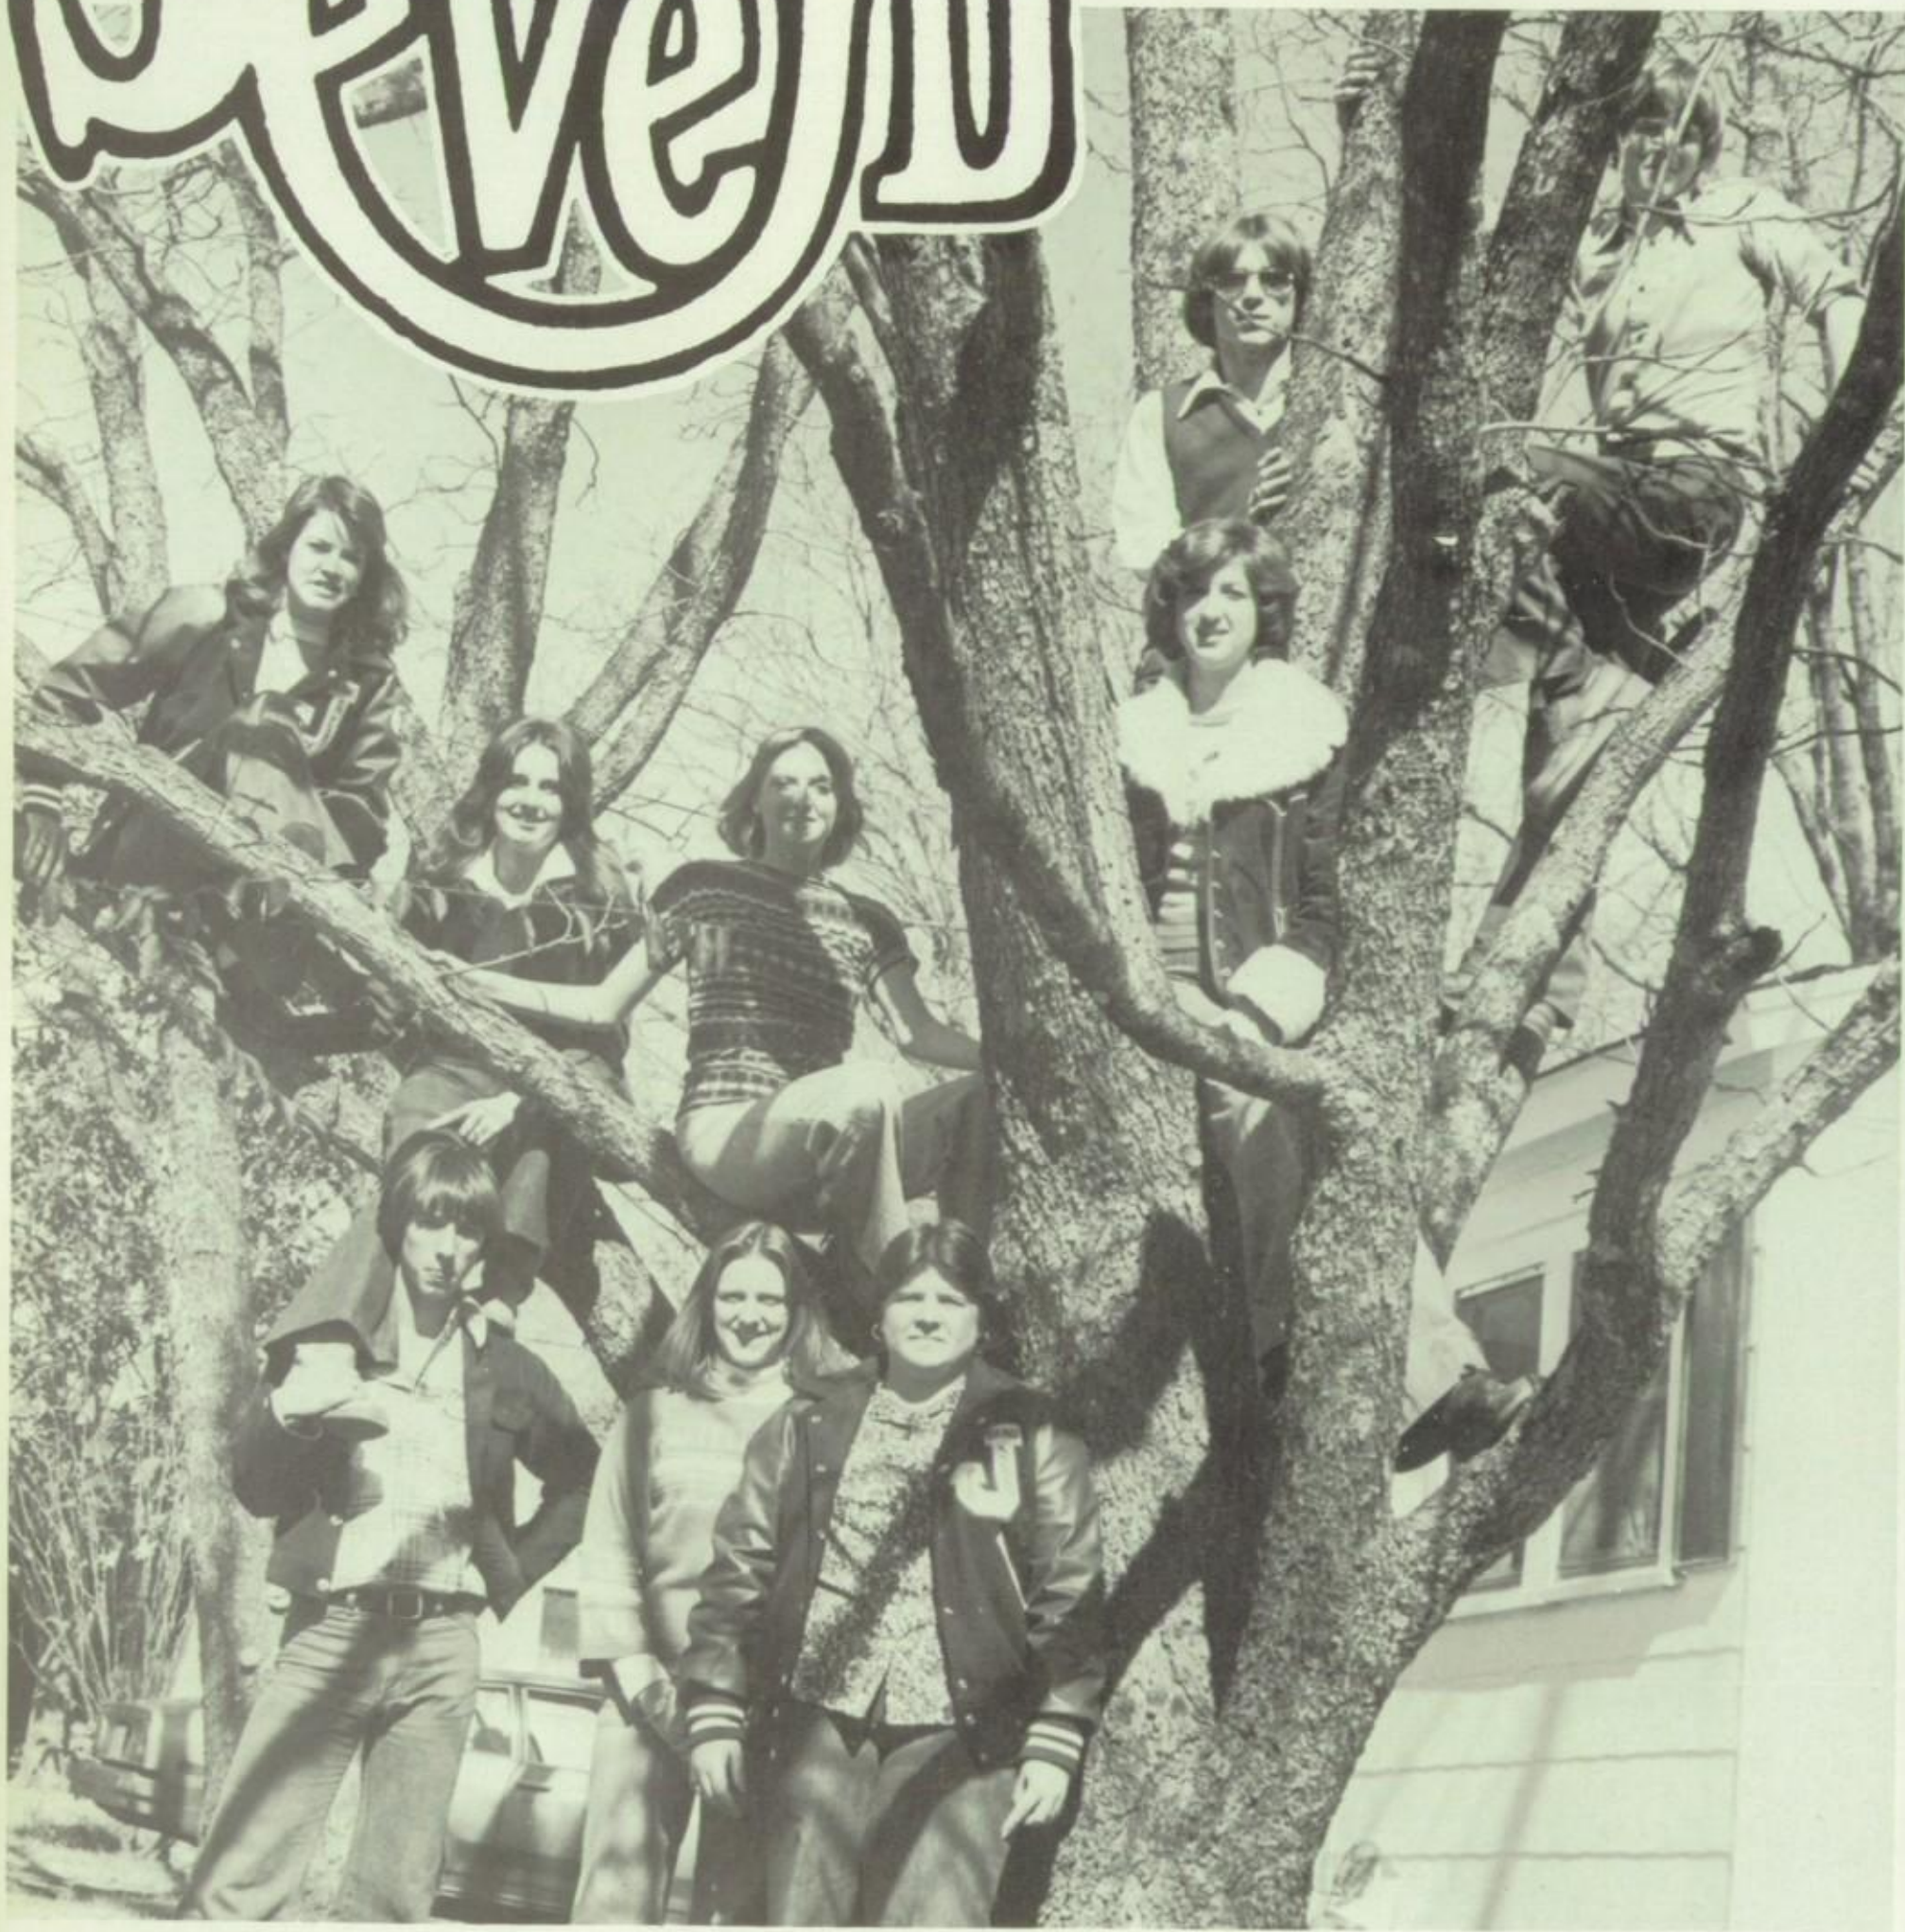

After a lengthy illness, Mrs. Mary Lou Durham died on November 18, 1976.

Mrs. Durham will always be remembered by her students, friends, and relatives.

Class History

In the year of 1965, 32 students started out together in the first grade. Of the 32, the following 27 have graduated: Penny Bailey, Sally Brown, Harvey Carter, Dean Cook, David Ethredge, Randy Evans, Janet Fultz, Teresa Han, Janey Hux, Ricky Jerry, Jamie Martindale, Lena McDonald, Melvin Moss, Jimmy Owens, Johnette Owens, Lawrence Pepper, Ricky Pepper, Debra Price, Liz Ratcliff, Marsha Smith, Becky Snider, Sharon Taylor, Jeff Thurlkill, Kevin Thurlkill, Don Williams, Dan Wood.

We all remember in the first grade, that day when Liz, Dena, Debra P., Sally, and David E. tried to scare Mrs. Grider by jumping out of the bathroom. Everybody got in trouble except David, because he said he was "using it."

The third grade was the year all the girls in Mrs. Adams' room got their shoes tied on for taking them off and scuffing them on the floor.

In the fourth grade we finally caught up with Stevie Cates, and Ricky and Rodney Summers. Diane Taylor also joined us from El Dorado that year. This was also the year that came the task of learning the multiplication tables. Everybody had to stay in at recess until you made a hundred on the test. That was also the year that everyone had to learn to square dance.

Alice McDonald came all the way from Rayville in the fifth grade, and Jodye McLaughlin brought her big mouth from El Dorado.

In the sixth grade, Bobby Carter, Kenneth Gray, Cassandra Henry, Barbara Hoof, Donald Hunter, Richard Johnson, Margaret Moore, Danny Nelson, Belinda Paschal, Willie Jean Scott, Willie Mae Skinner, and Ruby Waller joined us. Later that year we added Betty Ann Hamilton to our class. And nobody will forget the day in Mrs. Neal's room when class was interrupted by a sky diving rat that fell through the hole in the ceiling.

The seventh grade was the year the love bug struck our class. Those bitten were: Lena and Dan, Debra and Michael French, Janey and David, Becky and Lawrence, Liz and Cliff Mortan, Jodye and Jeff, Sally and Jeff, Diane and Randy. That also was the year that several of the girls made good use of the World Books in the library. Gwena Milhollen McLelland came to be with us from Star City.

In the ninth grade, Donald Creer joined us. This year also brought a change of life to our class, we all got to cross the road. Everybody stayed lost for a whole day. But it didn't take us long to find our way around.

In the tenth grade we gained Brian Hux from Australia, and Cathy Williams Caldwell from El Dorado. In the eleventh grade Debra McDill came from Mississippi.

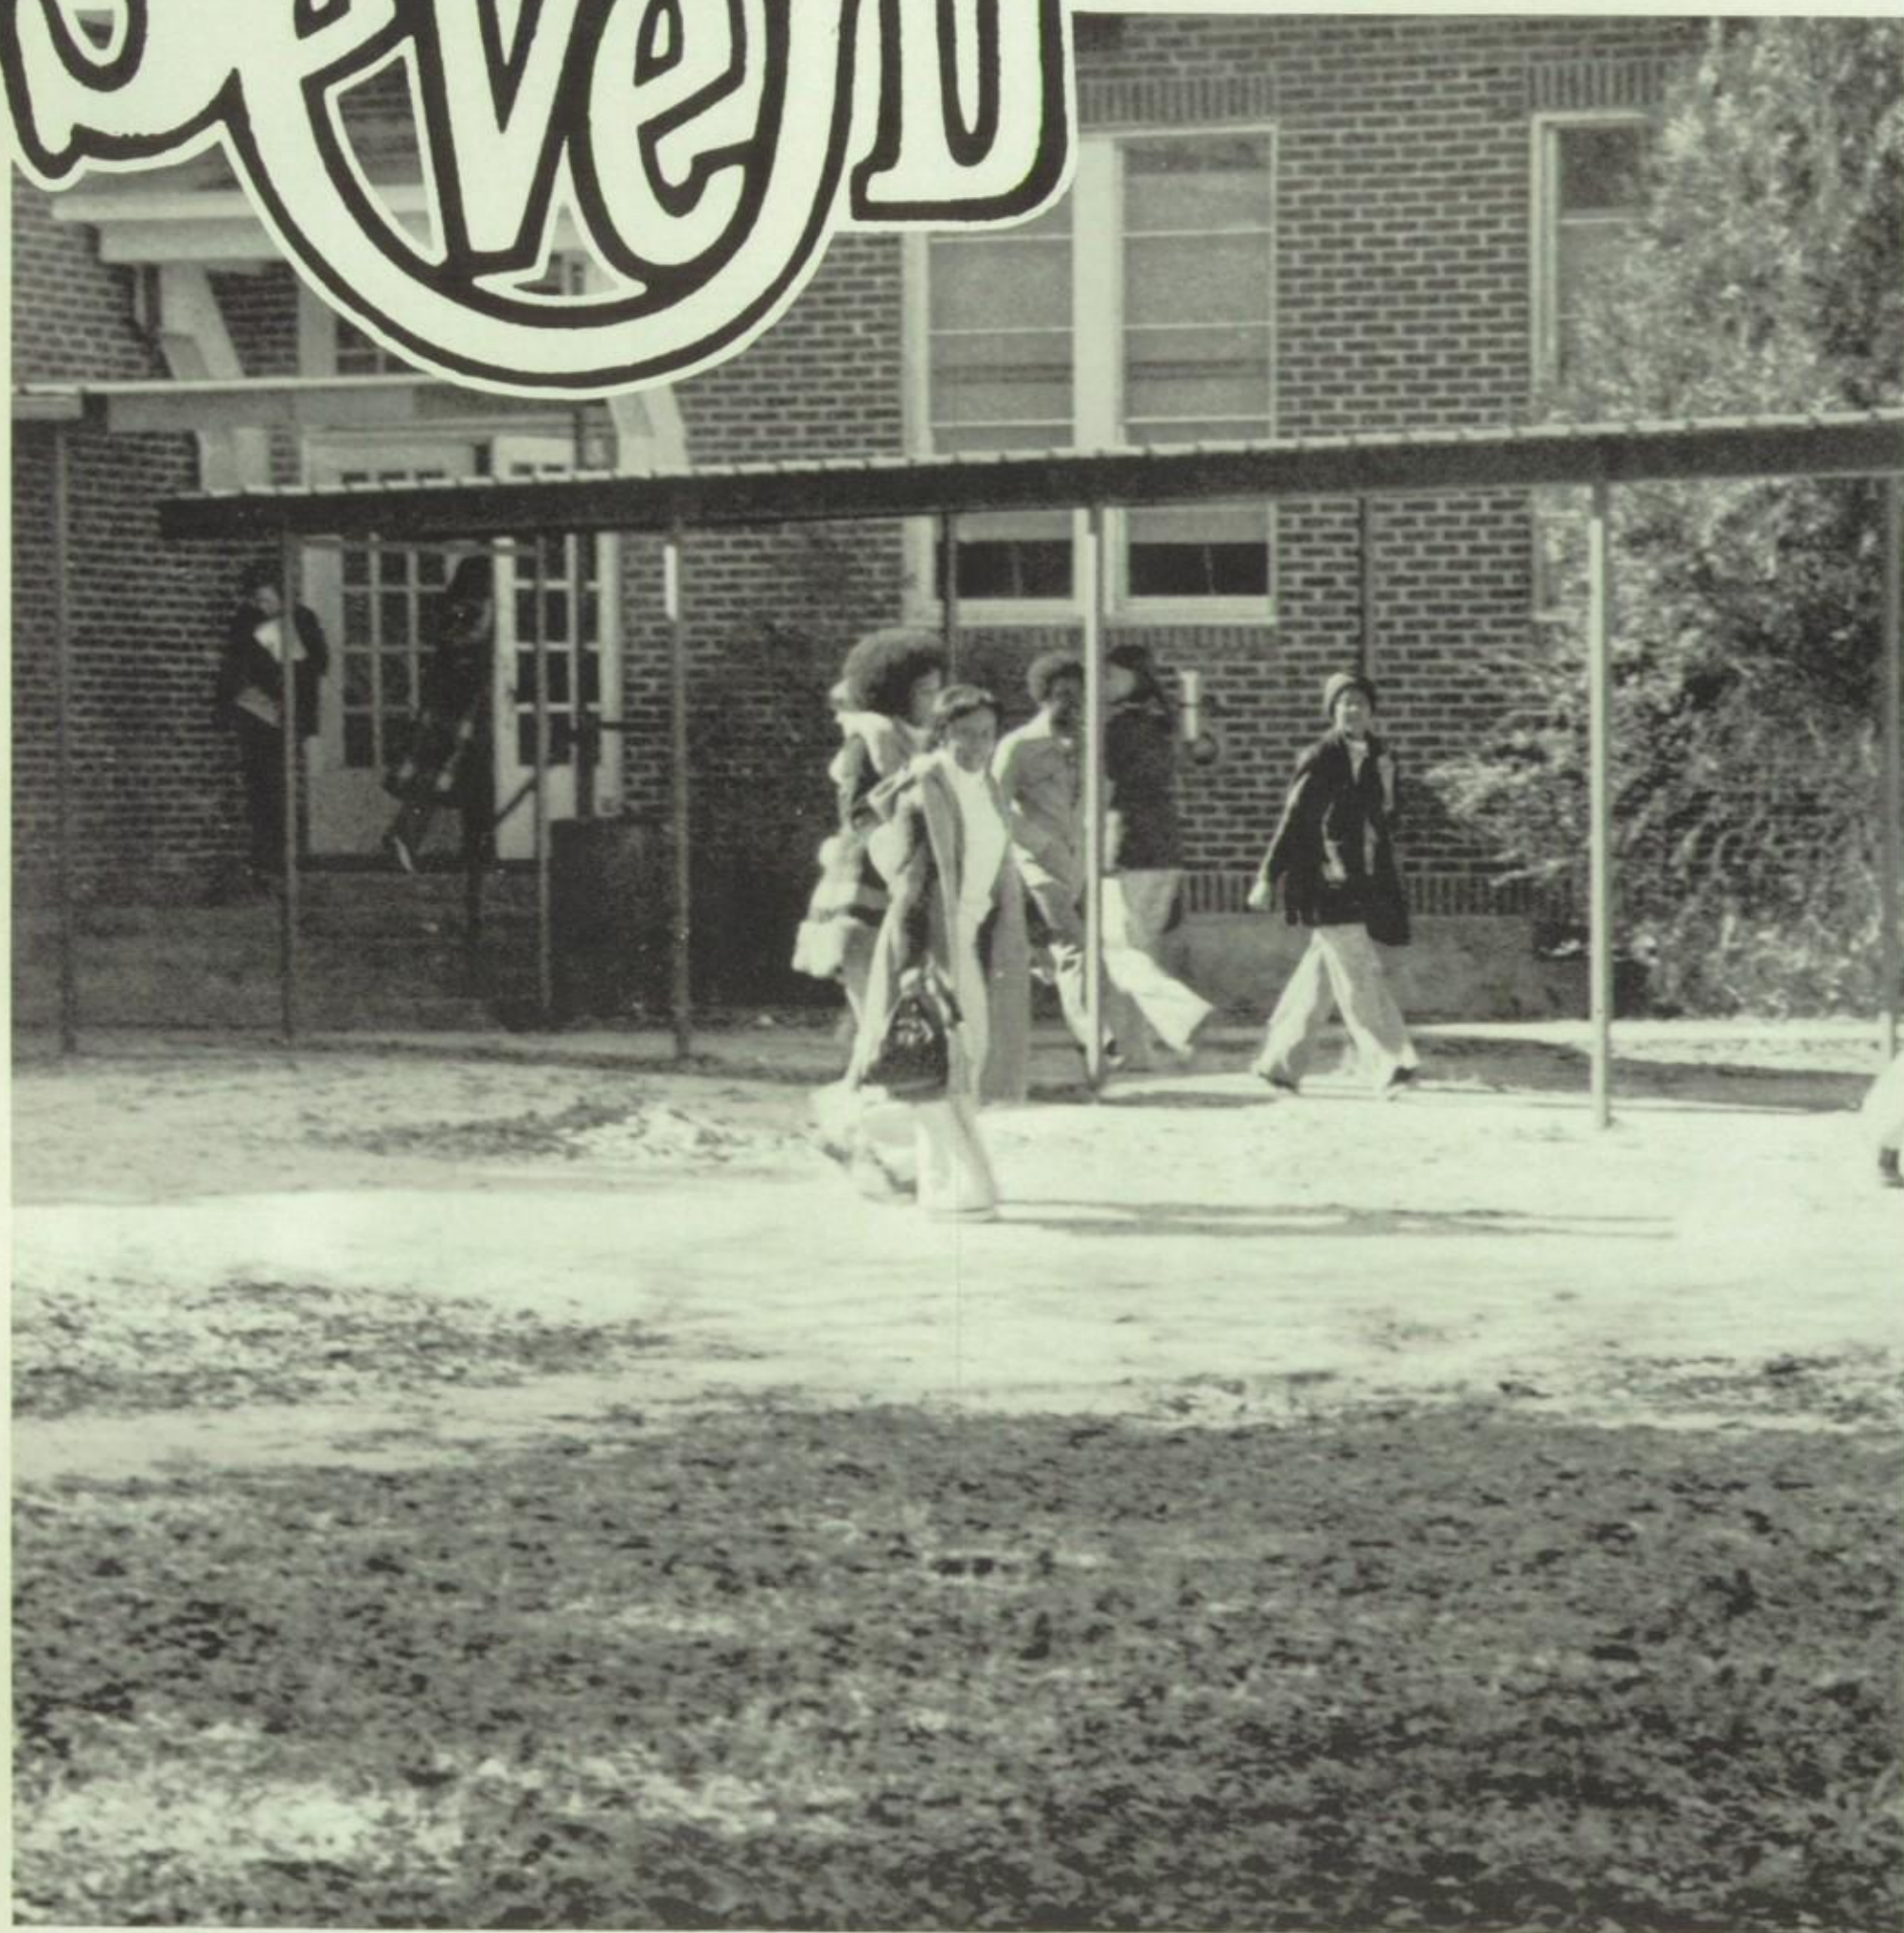

In our SENIOR year (FINALLY!!!), we added Angie Lewing from Hamburg, Danny Coffman from Sterling Park VA, and we also had an exchange student from Brazil, Hilda Falcao. The Annual staff will never forget the day, David E. threw over \$200 of advertising money in the trash can at McDonald's.

The graduating class of 1977 will always remember the good friends, good times, and bad times we had here. To all of you that we leave behind, we hope that you will remember us for a long time to come.

Paint lasts up to 5 years

Lion's AL-Kote lasts up to 20 years

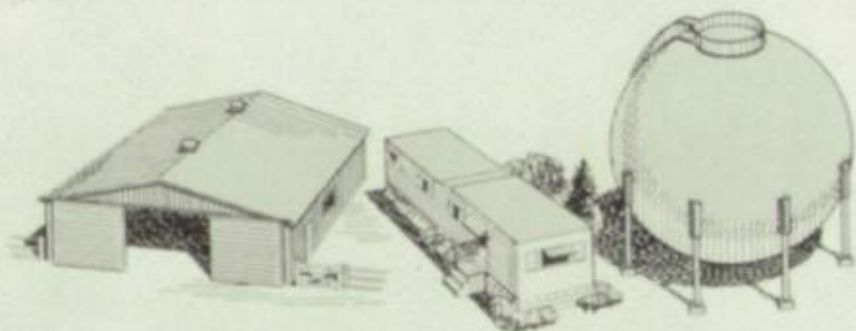

ALUMINUM
to reflect heat,
cool the inside,
look good.

1. To protect your building better, Lion combines three kinds of armor in one coating. It's called AL-Kote.

Another good reason an AL-Kote coating lasts so much longer is shown above. AL-Kote is up to 8 times thicker than paint on a building. Still another plus. AL-Kote's aluminum spreads evenly—top to bottom—when the coating dries. Hence, weathering simply reveals more tiny aluminum reflectors. Not with aluminum paint. When it dries, the aluminum floats to the top, and is the first part of the paint to go.

2.

3. Use AL-Kote on barns, storage tanks and bins. It's great as a cooler on mobile home roofs. It works on galvanized metal, masonry, cement block, concrete, wood, tar-paper, asphalt, urethane.

For information, contact
Asphalt Sales Department,
Lion Oil Company, Lion Oil
Bldg., El Dorado, Ark. 71730

Editor's Note

As editor of the 1977 DRAGON Annual, I would like to say thank you to everyone who helped make this year's annual so special.

The members of the staff have worked hard together to make an annual that everyone can be proud of.

I would like to especially thank Mr. Bennie Adams, our advisor, for being so patient with us for keeping things organized. Another thank you needs to go to all the people who graciously opened their homes for us to make pictures. A big thanks to the staff. Without their cooperation and hard work, we would never have had such a beautiful annual.

The annual staff hopes that you will enjoy this year's annual as much as we have enjoyed putting it together. In the years to come, we hope that you will remember the class of '77," although we have moved on.

“INSEPARABLE”

Junction City High School

Class of 1976-77

INSEPARABLE

Inseparable, that's - how we'll always be.
 Inseparable, just you and me.
 It's so wonderful to know you'll always be around me.
 Incredible, what you are to me.
 Incredible, you bring out the woman in me with your
 style of love.
 Inseparable, yes - we are.
 We're like a flower to a tree, like words, to a melody
 of love.
 There's no way we can break up, no words that can make
 us blow our thing.
 We're just - Inseparable, that's how it is.
 Inseparable for the rest of our years.
 It's so wonderful to know you'll always be around.

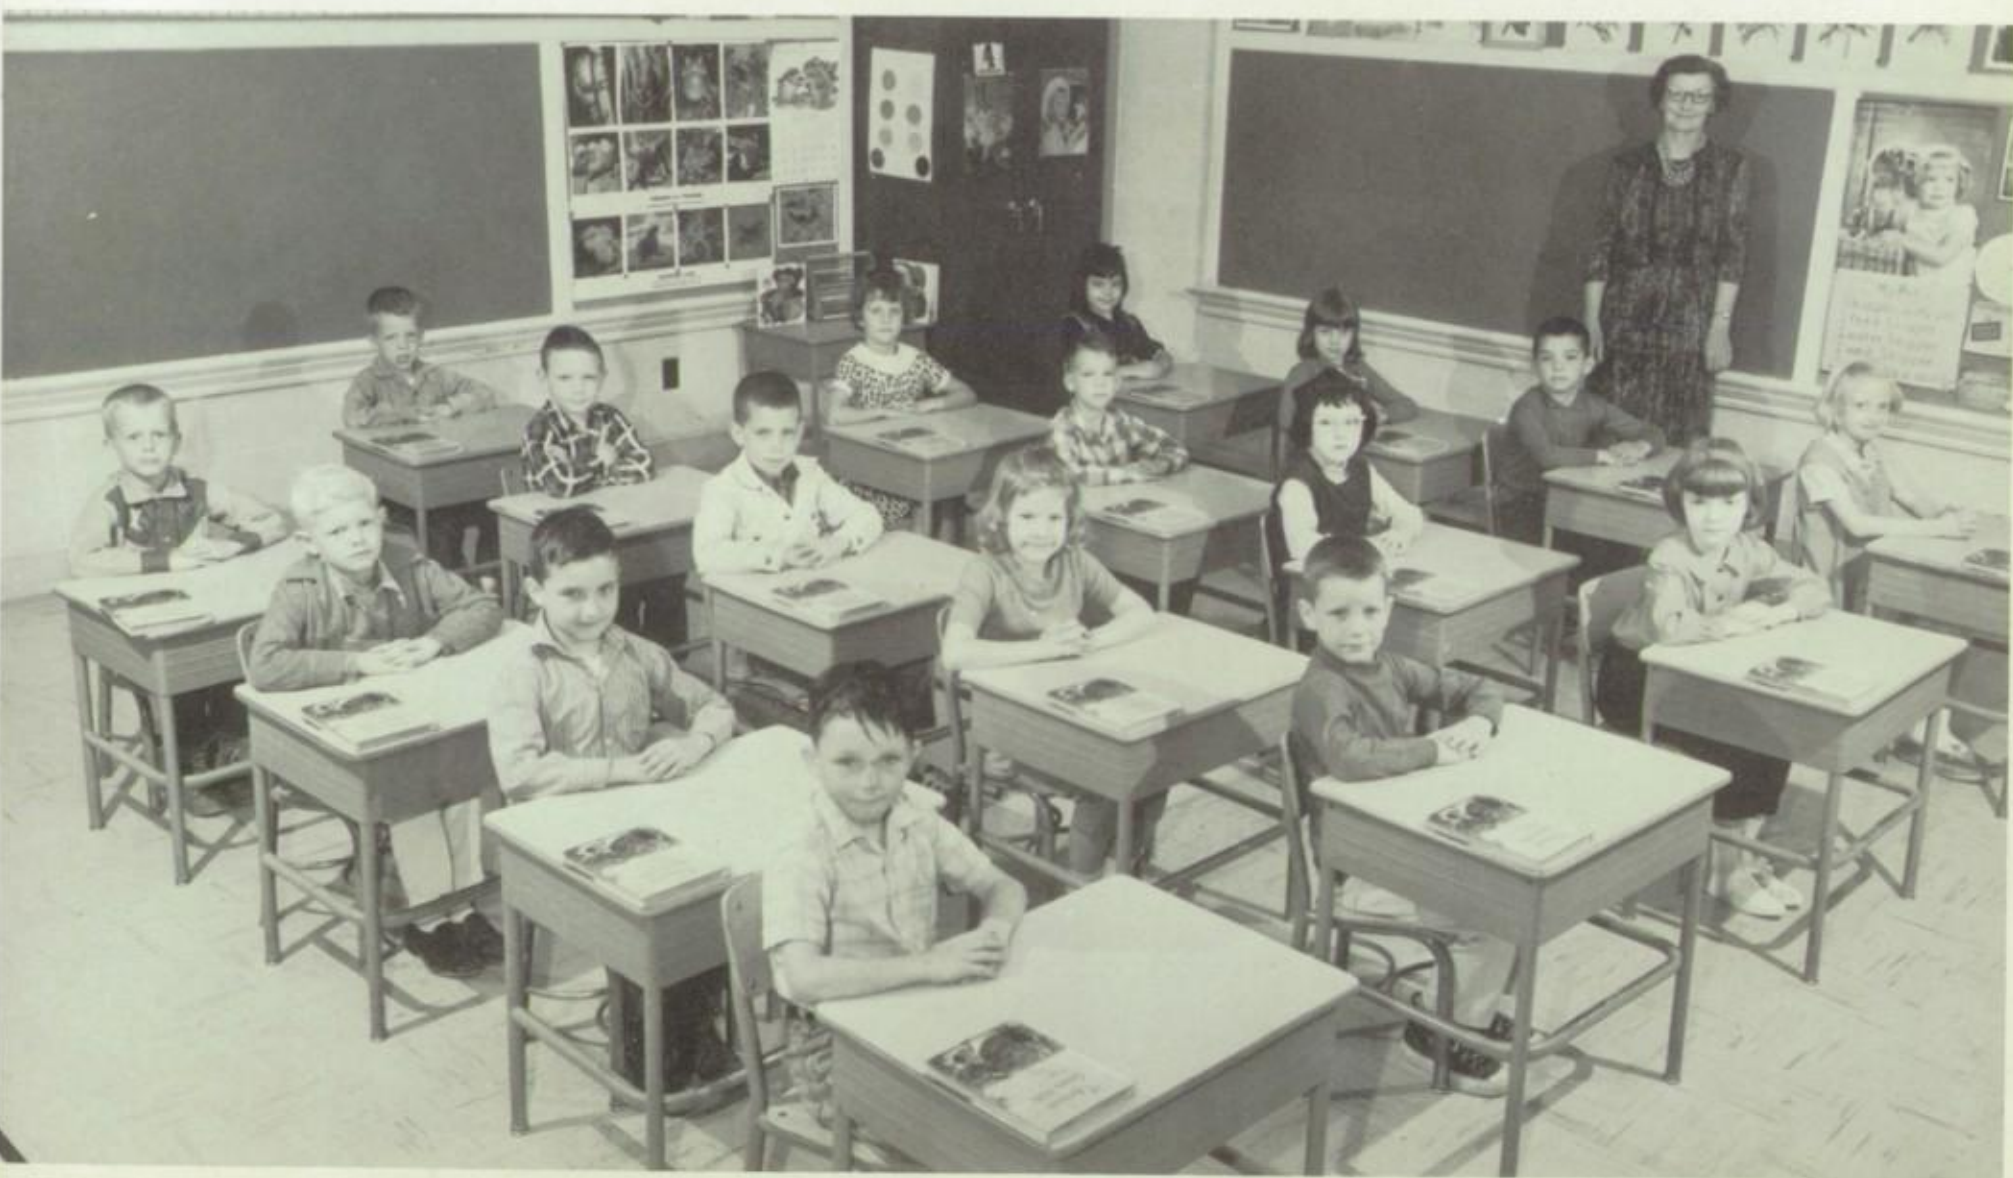

Class Colors: Light and Royal Blue

Class Flower: Orchid

Class Motto: The only thing that will stop tomorrow is what
 we think today.
